

## Steel Supply Chain Legal Update

### *Important information you must know*

**What does the recent Queensland Government legislation on Security of Payment, Non-conforming Building Products and Workplace Health & Safety mean to your business?**

**You are invited to attend this important industry briefing from ASI Corporate Partner Holding Redlich Lawyers!**

If you are a Steel Fabricator, Steel Distributor or supply equipment, consumables and/or services to the steel supply chain such as steel pre-processing, welding supplies, steel coatings etc you need to be aware of your obligations as the new legislation includes considerable fines for not complying!
